Sight for Students® is VSP's national charity program that provides free eye exams and glasses, when prescribed, to more than 50,000 children each year.

Obtaining Help

Sight for Students gift certificates are distributed through a network of community partners. Families can locate partners in their area using the "Find a Partner" search feature on our Web site. The partner will determine if a child meets the eligibility requirements of the program, which are:

- The family's income is no more than 200% of the federal poverty level.
- The child is not enrolled in Medicaid or other vision insurance.
- The child is 18 years or younger and has not graduated from high school.
- The child or parent is a U.S. citizen or legal immigrant with a social security number.
- The child has not used the Sight for Students program during the past 12 months.

If a child is eligible, the community partner will issue a Sight for Students gift certificate along with a list of VSP doctors in the area. All VSP doctors accept Sight for Student gift certificates, so the family can pick the doctor that's right for the child.

Community Partners

Sight for Students community partners include:

- Boys & Girls Clubs of America
- National Head Start Association™
- National Association of Community Health Clinics
- National Association of School Nurses
- Communities in Schools
- Prevent Blindness America®
- National Council of La Raza

Important Information about our Community Partners

- Although all chapters of a national partner are eligible to participate in Sight for Students, not all do.
- Our partners are only obligated to help children who normally fall within their care. Partners may assist other children at their discretion.
- Access to the program may not be available in all areas of the country.

Partners in Delivering Care

Sight for Students provides the finest in private-practice eyecare through VSP® Vision Care's network of more than 25,000 optometrists and ophthalmologists. To find out more about Sight for Students, visit **vsp.com/community** or call **888.290.4964.**

About VSP

VSP is the nation's largest provider of eye health benefits. More than 55 million members rely on VSP for eyecare health coverage. For more information, visit **vsp.com.** Altair Eyewear, a VSP company, provides high-quality eyewear ideal for even the most active children. Sight for Students frames feature colorful plastic, durable stainless steel, and flexible memory-metal styles, which are available at no cost to qualified patients under the Sight for Students program.
