**MCKINLEY CHILDREN'S CENTER FOSTER FAMILY AGENCY CONTRACT
COMPLIANCE MONITORING REVIEW**

The Department of Children and Family Services (DCFS) Out-of-Home Care Management Division (OHCMD) conducted a review of McKinley Children's Center Foster Family Agency (McKinley) in October 2011, at which time the agency had 139 DCFS placed children in 65 homes.

McKinley is located in the Fifth Supervisorial District and provides services to Los Angeles County DCFS foster youth. According to McKinley's program statement, its stated goal is "helping children and youth gain the skills, knowledge, and self-esteem essential to personal maturity and return to successfully functioning families." McKinley is licensed to serve children ranging from birth through 17. The placed children's overall average length of placement was 15 months, and the average age was 10.

For the purpose of this review, 12 children were selected for the review. Seven children were interviewed, as the others were either too young or not available for interview due to a prior commitment. All 12 sampled children's case files, along with four certified foster parents' files; four discharged children's files and five staff files were reviewed for compliance with the Title 22 Regulations and County contract requirements.

Ten placed children were prescribed psychotropic medication. We reviewed their case files to assess timeliness of Psychotropic Medication Authorizations (PMAs), and to confirm that documentation of psychiatric monitoring was maintained as required.

SCOPE OF REVIEW

The purpose of this review was to assess McKinley's compliance with the County contract and State regulations. The visit included a review of the agency's program statement, administrative internal policies and procedures, 12 placed children's case files, four certified foster parents' files and five personnel files. Face-to face visits and interviews were conducted with four certified foster parents to assess the quality of care and supervision provided to the children and we conducted interviews with seven DCFS placed children to assess the care and services they were receiving.

A copy of this report has been sent to the Auditor-Controller (A-C) and Community Care Licensing (CCL).

SUMMARY

During our review, interviewed children reported feeling safe, having been provided with good care and appropriate services, being comfortable in their environment and treated with respect and dignity.

The deficiencies noted during the monitoring review were related to the Needs and Services Plans (NSPs) not being comprehensive. Additionally, one child was not encouraged and/or assisted in maintaining a life book/photo album.

Based on our review, the aforementioned deficiencies revealed the need for more thorough documentation. Additionally, routine monitoring of the files by supervisory staff would appear to eliminate the documentation issues identified. Overall, McKinley was providing good care and services to placed children and support to the certified foster parents, which is evident in the relationships formed with the children, agency staff, and certified foster parents.

In conclusion, McKinley was receptive to implementing some systemic changes to improve their compliance with Regulations and the County contract. The Administrator agreed to address the noted deficiencies in a Corrective Action Plan (CAP).

NOTABLE FINDINGS

The following are the notable findings of our review:

- Of the 12 foster children's files reviewed, none of the NSPs were comprehensive and needed improvement as goals were not child specific, measureable, or time-

framed. At the exit conference, the agency requested the monitor conduct NSP training on February 16, 2012, at the agency's San Dimas location. As McKinley did not attend the January 2012 NSP training conducted by OHCMD and the OHCMD monitor conducted training of McKinley staff in February 2012.

- The NSPs for five of 12 children's files did not document the DCFS Children's Social Workers' (CSWs) monthly contacts. The agency representatives stated that while DCFS CSW contacts may not have been documented in the NSPs, the agency social workers do document the contacts in the child's file.
- Of the seven children interviewed, one child was not encouraged and/or assisted in creating and updating their life book/photo album. The agency representatives stated that they have purchased life books/photo albums, and will distribute them to the children between 15 to 30 days of placement.

The detailed report of our findings is attached.

EXIT CONFERENCE

The following are highlights from the Exit Conference held on January 31, 2012.

In attendance:

Julissa Castillo, Executive Director of McKinley Children's Center FFA, Maria Perez, Regional Administrator, and Sharon Koga, Monitor, DCFS, OHCMD.

Highlights:

The Executive Director, Julissa Castillo's main concern regarding the findings was that, while the agency is willing to comply with the recommendations of the review, this becomes difficult as recommendations/instructions for the same/similar findings are different with different auditors/monitors. OHCMD monitors attended the OHCMD's January 2012 NSP training to ensure all monitors were "on the same" track when reviewing NSPs. In response to the NSP findings, Ms. Castillo requested that the monitor conduct training on NSPs with emphasis on goals. Training occurred on February 16, 2012, at the agency's San Dimas location. In response to the finding regarding the lifebook/photo album, Ms. Castillo indicated that the agency has purchased lifebooks, one for ages 0-5, and another for older children. These lifebooks will be given to the child within 15 to 30 days of placement. She stated that she would ensure issues with the NSPs and lifebook/photo album are corrected and the findings would be addressed in the Corrective Action Plan (CAP).

McKinley submitted an approved written CAP and addressed each recommendation noted in this compliance report. The approved CAP is attached.

CONTRACT COMPLIANCE MONITORING REVIEW**

**504 W. Baseline Rd., Suite A
Glendora, CA 91740
License Number: 197805148**

The following report is based on a "point in time" monitoring visit. This compliance report addresses findings noted during the October 2011 monitoring review.

CONTRACTUAL COMPLIANCE

Based on the results of the compliance review, McKinley was in full compliance with nine of 11 sections of our contract compliance review: Licensure/Contract Requirements; Certified Foster Homes; Facility and Environment; Education and Workforce Readiness; Health and Medical Needs; Psychotropic Medications; Personal Rights and Social/Emotional Well-Being; Discharged Children; and Personnel Records. The following report details the results of our review.

MAINTENANCE OF REQUIRED DOCUMENTATION AND SERVICES DELIVERY

Based on our review of 12 children case files and/or documentation from the provider, McKinley Children's Center FFA was in full compliance with eight of 11 elements reviewed in the area of Maintenance of Required Documentation and Services Delivery.

We noted NSPs were not comprehensive, specifically as related to goals not being child specific, measurable, and time-framed. Also, NSPs did not document DCFS CSW monthly contacts. The agency representatives indicated that while DCFS CSW contacts may not have been documented in the NSPs, agency social workers do document the contacts in the child's file.

Recommendations:

McKinley's management shall ensure that:

1. Initial NSPs are comprehensive, including child specific, measurable, and time-framed goals.
2. Monthly contacts with CSWs are documented on the NSPs.
3. Updated NSPs are comprehensive, including child specific, measurable, and time-framed goals.

PERSONAL NEEDS/SURVIVAL AND ECONOMIC WELL-BEING

Based on our review of 12 children's files and/or documentation from the provider, McKinley fully complied with seven of eight elements reviewed in the area of Personal Needs/Survival and Economic Well-being.

We noted one child was not encouraged and/or assisted with maintaining a Life Book/photo album. The agency representatives stated they have purchased life books/photo albums, and will distribute them to the children between 15 to 30 days of placement.

Recommendation:

McKinley's management shall ensure that:

4. All children are encouraged and/or assisted with maintaining a life book/photo album.

PRIOR YEAR FOLLOW-UP FROM THE AUDITOR-CONTROLLER'S CONTRACT REVIEW REPORT

Objective

Determine the status of the recommendations reported in the A-C's prior compliance report.

Verification

We verified whether the outstanding recommendations from the last A-C's contract review report issued May 17, 2011, were implemented.

Results

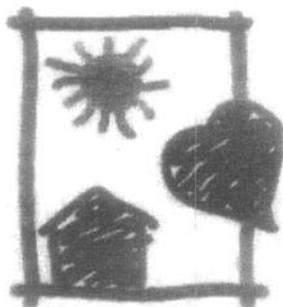

The A-C's prior monitoring report contained eight outstanding recommendations. Specifically, McKinley was to ensure staff adequately monitor foster homes to ensure compliance with the County contract and CDSS Title 22 Regulations; that homes were well maintained in accordance with the County contract and CDSS Title 22 Regulations; that foster parents completed the required number of annual continuing education training hours; and that NSPs were completed timely. Further, McKinley Children's Center FFA was to ensure that children were visited weekly during the first three months of placement, and that the visits are documented; that termination reports have all the required information; and that children taking psychotropic medication had current court authorizations for their medications and were seen monthly by the prescribing physician. Based on our follow-up of these recommendations, McKinley fully implemented all of the outstanding recommendations from the A-C's contract compliance report of May 17, 2011.

MOST RECENT FISCAL REVIEW CONDUCTED BY THE AUDITOR-CONTROLLER

A fiscal review of McKinley was posted by the A-C on April 10, 2009.

The review identified \$10,483 in unallowable costs and \$52,992 in unsupported/inadequately supported costs. The A-C recommended that DCFS resolve the questioned costs and collect any disallowed amounts.

Per Fiscal Monitoring and Special Payments Section, the A-C did a re-examination of the documentation, and McKinley was cleared of any disallowed amounts.

- 1) McKinley Children's Center Foster Family and Adoption agency provides life books to all dependents placed after 30 days. Our clients may not know them as "life books" but we can assure you we encourage the process of documenting a pictorial chronological story of their life. Developmentally Age Appropriate Life books have been ordered through Title I as well to augment our supply.
- 2) Concerns were raised in regards to the completion and quality of our Needs and Services Plans for which we received formal training and guidance from our DCFS Monitor. Our staff has been provided additional support in regards to identifying specific needs of the clients and the specific identifiable goals, along with steps and implementation process and tracking of progress.
- 3) Contacts with County Social Workers will be better documented with specific dates of contacts and reasons for contact.

Sincerely,

Julissa Castillo
