Meet Adrian. Born in late 2003, he's an adorable, pleasant, and charismatic child with special needs. Adrian is an interactive child; it's a joy to be around him when he explores his environment. He's a fun loving little boy with a sweet and tender spirit. And talk about affectionate, Adrian just loves to be cuddled and held.

Some of his medical needs include apnea and he is fed through a g-tube. Services are available for this child and training for that special family that has a desire to give more to a child than they could possibly receive. Adrian comes with his own brand of joy and he's deserving of a permanent and loving home just like any other child. Adrian qualifies for continued medical support and services as well as Regional Center services for his developmental delays.

Adrian deserves the best possible care and the best possible family. If you have a heart for children with special needs such as his, please contact us.

For adoption information, please call the *Wednesday's Child* Hotline at
