The Summer Olympics have come and gone. While some of the Chivas team members were in Beijing playing for Team USA, some remained behind to play for Team Wednesday's Child to make a special dream day come true for two aspiring soccer players.

We met Bonnie and Eoin at the Home Depot Center in Carson, California – the home turf of MLS soccer team, Chivas USA. Bonnie was born in 1996 and Eoin in 2000. These two siblings showed us what a great team they make together.

Both kids hope to play on their own soccer team someday, but on this day they learned all about dribbling, passing, headers and various kicks from the Chivas experts. One thing we noticed right away is how protective and nurturing Bonnie is to her little brother. Eoin is definitely the "forward" of the team, feeling free and protected to take shots with Bonnie as his

"defender", a role Bonnie plays well. And isn't that what being an older sibling is all about?

Watching over Eoin is not the only thing Bonnie does well. She also does well in school and gets great grades. She hopes to be a video game programmer someday when she grows up, but for now she'd like to be on a soccer team.

Eoin would also like to join a soccer team and thanks to the Chivas, he'll soon be watching a real live professional soccer game in person – something that he's wanted to do for the longest time. His love for life shows through in his happy disposition and enthusiasm in everything that he does.

Our GOAL is to find this brother and sister team a permanent and loving family that will share in many more soccer games to come and perhaps take these kids to their own soccer practices and be their cheering section ...for life.
