This kid's all about football! But instead of meeting on a football field, we met our Wednesday's Child star on an airfield in Carson, California – Home of the Good Year Blimp "*Spirit of America.*" While the *Spirit of America* flies high above the skies in Los Angeles, you're sure to fall in love with this youngster's spirit because he's risen to great heights to over come many challenges. Climb aboard with Varsity as we fly high above the skies in search for the perfect family.

Born in 1997, Varsity is definitely a kid with a zest for life! He's got a fantastic smile and an easy-going personality. Varsity also has a contemplative side and takes life and all of his experiences quite seriously. This particularly comes through in Varsity's relationships, as he tends to form deep connections with the people in his life. Today was all about having fun and going on the ride of his life. A little anxious? Of course, because he's never even been on a plane before. This didn't stop our courageous little fellow; he wanted to show how brave he is.

Bravery is not something foreign to Varsity, though. At a young age he had to have his right leg amputated due to complications from a birth defect. While Varsity wears a prosthetic leg, it is something that many who meet him don't even notice. He has adapted and overcome many obstacles and definitely climbed great heights to get where he is. But on this day Varsity was lifted to great heights to check out some awesome views from aboard the Good Year Blimp.

In the horizon, we hope to find Varsity the family he deserves. While it takes a crew of 20 people to launch and land an airship, we need only one family to support the hopes and dreams of this youngster.

Varsity is still a little unsure when he thinks about what his future holds. While he has some ideas, he's just not quite sure which one is right. Varsity would greatly benefit from a family that can support him and cheer him on while he explores all of his options in life... maybe you could be the one to help him unlock the door to his future. No telling how high he can soar with the love and support that only a permanent family can bring.
