

Your privacy Matters to Us

Below explains why we collect personal information through the referral process and what your Privacy Rights are.

What kinds of information do we collect?

We may collect some or all of the following: your name, address, birth date, some financial information, and information about your health. We may also ask for your medical history, about medications you may be taking, health problems you may be having, so that we can address any needed health care services.

What do we do with this information?

We use information about you to determine whether you are eligible to participate in this program. Your information may be used to direct you to other programs that could be more appropriate. Safeguarding your health information is important to us.

If you have questions or concerns about your privacy rights, please contact the County of Los Angeles Department of Mental Health Patient's Rights Division at (213) 738-4888.

Who else can see your information?

We may disclose information about you, only as permitted by law.

Upon acceptance of enrollment, DMH Provider will provide you with a complete "Notice of Privacy Practices (NPP)." You will also receive full information regarding your confidential health information we may collect.

MENTAL HEALTH SERVICES ACT (MHSA)

Full Service Partnership for Transition Age Youth

The Los Angeles County Department of Mental Health is very pleased to provide you with this informational brochure, describing services available through the Full Service Partnership Program for Transition Age Youth (Ages 16-25).

What is a Full Service Partnership (FSP) for Transition Age Youth (TAY)?

The FSP Program is designed for Transition Age Youth ages 16 through 25 who could benefit from and are interested in participating in a program that can help address emotional, housing, physical health, transportation, and other needs that will help them function independently in the community.

What is different about FSP for Transition Age Youth compared to those services offered in a Mental Health Clinic?

FSP Programs are capable of providing many services beyond the scope of traditional mental health outpatient services. TAY who are enrolled in an FSP program receive services when and where they can be most effective.

FSP Program Services

Full Service Partnerships provide comprehensive, intensive mental health services for individuals in their homes and communities. The following are examples of services you might receive if you were enrolled in an FSP Program:

- ..# Counseling and Psychotherapy
- ..# Transportation Assistance, helping you get to where you need to go
- ..# Help obtaining needed medication
- ..# Help receiving physical health care
- ..# Help finding a safe place to live or help staying where you currently live
- ..# Help with educational opportunities
- ..# Help securing financial and health benefits to which you are entitled
- ..# Treatment for addictions, such as alcoholism, marijuana, and other substances
- ..# Help finding employment, vocational training, and/or volunteer opportunities
- ..# Dedicated professionals committed to your success in accomplishing goals that are important to you
- ..# 24/7 Availability

Interested in a FSP?

To be considered for a Transition Age Youth FSP, a referral must be submitted on your behalf. A team of service providers will review your referral and notify you of their decision within 10 days.

If you are accepted into the FSP program, you will be contacted by the FSP services provider assigned and service will begin immediately.

If you are not accepted into the FSP program, the team of professionals will help link you to other services and supports that may be helpful to you.

If you have questions regarding the referral process or how the FSP program works contact:
