Parents in Partnership Program

Los Angeles County by SPA

The Parent Partners are a committed group of parent advocates who have successfully navigated the system and now work in partnership with DCFS to provide parents with information, empowerment, and hope. We provide support, information, and mentorship to parents who have recently lost custody of their children as well as parents whose children are in the foster care system without permanency. We assist parents and families by providing:

- **Lobby and Community Outreach** – Parent Partners engage parents in the DCFS regional office lobby and at community sites. The goals are to provide families with information and resources, to encourage parents to make full use of DCFS and community partner supports, and to refer parents to the PiP Parent Orientation.
- **Warm Line** – Parent Partners staff a voicemail information line at the regional office. The goal is to provide families with a phone line through which they can request support and information from the parent partners.
- **Parent Orientations** – Parent Partners and DCFS staff members co-facilitate a workshop in which parents are empowered with information regarding child abuse and neglect, and strategies for success. The goals are increased parental awareness and advocacy, leading to better outcomes for families.
- **Parent Support Groups** – Parent Partners facilitate support groups for parents who have children currently living under DCFS' supervision, in-home or out-of-home. The goal is to provide parents with a supportive process with parents who understand the tasks of reunification and parenting, and have leadership and advocacy experience.
- **Team Support Meetings (CFT/TDM/FGDM)** – Parent Partners participate in Team Decision Making And Child and Family Team meetings, with the parent(s)' permission, as an advocate for the parent. The goal is to assist parents in communicating their family's strengths and concerns.
- **Incarcerated Parents-** Parent Partners are now in many of the Los Angeles County Jails. They are meeting with incarcerated parents, who have DCFS cases, and providing them with Parent Orientations and Support.

We Can Help!

If you or someone you know is a parent with an open DCFS case, we are here to help. **Contact us at one of the Warm-line numbers below. Parent Partners can be contacted in person by going to the lobbies of the offices listed below.** At your request, we will support parents during Child and Family Team or Team Decision Meetings (availability may vary).
