

Prevention & Aftercare Services (P&A)

HAVE YOU HEARD ABOUT THE PROTECTIVE FACTORS?

Studies show that the strongest, healthiest families have qualities in common. These “protective factors” help create a safe and healthy environment for adults to be the best parents they can be—and for children to learn, grow, and develop to their best potential. To strengthen your family and your protective factors, visit a P&A agency in your community for traditional and non-traditional services, activities, resources and supports such as:

Family Fun Nights
Parenting Education Classes
Structured Parent-Child and/or Family Centered Activities
Financial Literacy
Wellness Activities
Peer Support Groups
Concrete Support for Basic Family Needs
Linkage to additional needed resources

Please note: Due to COVID-19 social distancing requirements, services have been modified, but support is still available.

Services are free to families, regardless of age, immigration status or insurance status.
