ABOUT DCFS

The Los Angeles County Department of Children and Family Services promotes child safety and well-being by partnering with communities to strengthen families, keeping children at home whenever possible, and connecting them with stable, loving homes in times of need.

SAFETY, WELL-BEING, PERMANENCY

We partner with other government agencies, community-based organizations, advocates, philanthropy, faith-based organizations and communities to connect families in times of crisis to a wide variety of services designed to help protect and support children.

We work with caregivers – whether that’s biological parents, foster parents, legal guardians, relatives or service providers – to ensure that the well-being of the children in our care is the top priority.
