**REQUIRED QUARTERLY REPORTING, PURSUANT TO THE NOVEMBER 29, 2023
JUDGMENT APPROVING SETTLEMENT IN THE KATIE A. LAWSUIT, REGARDING
REVIEWS OF PLACEMENT CHANGE REQUESTS MADE DUE TO "CHILD'S
BEHAVIOR"**

On November 29, 2023, the United States District Court for the Central District of California entered a judgment approving the parties' settlement agreement and ending the Katie A. lawsuit; however, the judgment requires ongoing publishing of information from the County of Los Angeles for a period of 18 months.

The 60 attached case review forms constitute the first quarterly publishing of the County of Los Angeles Department of Children and Family Services (DCFS) and Department of Mental Health (DMH) joint reporting pursuant to the settlement, covering the period from October 1, 2023 to December 31, 2023. Per the settlement, the 60 reviews were chosen randomly from the children/youth/non-minors who experienced a placement change request within the quarter and the reason for the replacement was indicated as "child's behavior." Also per the settlement, the reviews specify whether intensive mental health services and/or Child and Family Team Meetings were provided during the 30 days prior to and 30 days after the placement change date, as well as the duration and intensity of intensive service provision that each child received during that same timeframe. Demographics and the total number of moves are also reported.

"To Enrich Lives Through Effective and Caring Service"

When applicable, other information is included on the review form to elucidate the circumstances that impacted service provision, describe what efforts were made to prevent the replacement (if there was prior placement change included in this reporting), and explain whether the placement change was actually due to another reason besides the child's behavior.

These reports will be publicly available and can be accessed on the Los Angeles County Board Correspondence website: (<https://lacounty.gov/government/board-of-supervisors/board-correspondence/>). The reports will also be posted on the DCFS and DMH public websites.

If you have any questions, you may contact us, or your staff may contact Aldo Marin, DCFS Board Liaison, at (213) 351-5530, or Crystal Kibby, DMH Board Liaison, at (213) 700-2521.

During the review period of 12/21/2023 to 1/20/2024, the client received the following Intensive Home Based Services (IHBS) and Intensive Care Coordination (ICC) services: Assessment, Therapy, Medication Support. Client was taught to prioritize and maintain safety in the home and community by practicing prosocial behaviors and learning psychoeducation on body language. The Child and Family Team (CFT) worked jointly for safety planning, providing updates on treatment progress, building trust and rapport with client, and facilitating visitation. The Rehabilitation Specialist modeled and demonstrated effective healthy coping skills, aided in exploration and identification of triggers and trauma responses, and helped client practice calm demeanor and behavior modification techniques. Client applied conflict resolution skills by engaging in non-reactive conversation with his peers. The Rehabilitation Specialist also worked on relaxation skills such as grounding techniques for client to utilize when feeling anxious. Staff worked with client to support his goal of independent living by teaching him to practice adhering to a routine schedule with emphasis on sleep and hygiene, as well as providing client with opportunities to cook his own meals. The client started services with mental health provider on 12/21/2023 and continues to receive services.

V. DCFS NARRATIVE

In addition to their primary caseworker, this child/youth has been assigned a specialized secondary worker through DCFS's Placement Stabilization Team, which supports the youth and caregiver 24 hours per day, seven days per week. It was challenging to hold CFTMs due to the youth leaving placement daily and then being arrested. Intensive services were offered to the youth while in the previous placement; however, both the youth and caregiver refused. The youth is engaged in intensive services in his new placement.

V. DCFS NARRATIVE

This is a new case (entered foster care on 10/19/2023). A 1:1 behavioral health aid was put in place for this youth, and referrals were made to the Regional Center and also for psychiatric services. Although a formal CFTM was not held during the short period of this placement, the DCFS Children's Social Worker communicated regularly with the caregiver to discuss supports and to try to prevent replacement. The caregivers would not consider maintaining the placement, however, due to feeling like the youth's needs exceed their abilities.

V. DCFS NARRATIVE

This youth previously was connected to Therapeutic Behavioral Services. DCFS also attempted to have him attend an outpatient substance abuse program. He attended one session and reported that he would not return. He was also placed in a charter school in order to receive more one-on-one academic support. The youth was absent from placement for approximately three weeks during this focus period, and he refused to participate in services at times. DCFS has been engaging with this youth to ensure that he is connected to appropriate resources to support his needs. After being placed in the new placement, the youth began following the placement rules and did not leave placement again.
